

**Our Value Guarantee:** We are so sure that you (& your child) will be enriched by our courses that if, when you've completed the term of any of them, you do not realize the value we will refund as much of the course fee as you feel is fair. On the other hand and as a point of balance we also welcome additional donations to the basic fees as the real cost of these courses and learning experiences has been subsidized to give the greatest possible accessibility across the community. Respect to you and your integrity, *hashima* (respect). Have a good look through the course prospectus. For each course you can read the Introduction, Course Logistics, Entry Requirements and Benefits. These courses are open to all.
